Safety Data Sheet (Page 1 of 4) Date prepared: 08-20-2015

Supersedes: 03-26-2014

(Brand: WestfaliaSurge)

Section 1: Chemical Product and Company Identification: Material Identity: Product Trade Name: PediCuRx Complete Chemical Name: Not applicable, mixture.

Generic Identification: Copper solution. Company: GEA Farm Technologies, Inc. 1880 Country Farm Drive Naperville, IL 60563 U.S.A Phone Numbers: EMERGENCY: 1-877-741-1032 (24 hours a day, 7 days a week).

Business: 1-630-548-8832

Section 2: Hazard Identification:

GHS Classif	ication:		Acute toxicity,	
			Acute toxicity,	
		Category 2	Skin Irritation	
		Category 2A	Eye Irritation	
		Category 1	Acute aquatic t	oxicity
		Category 1	Chronic aquatic	toxicity
GH Label El	ements:

Section 5: Fire Fighting Measures	•
Flash Point(test method): Not applicable Flammable Limits: Upper-not applicable; Extinguishing Media: Use media appropri Special Fire Fighting Procedures: Where impervious clothing and self-contained b Unusual Fire & Explosion Hazards: None	Lower-not applicable. ate for surrounding material. there is potential for exposure, wear reathing apparatus. known.
Section 6: Accidental Release Meas	
Spill Response: Keep spills out of sewer introduction of lime or soda ash to the copper salts which can be collected and Small spills: Vacuum or mop up the	spill will cause formation of insoluble disposed of separately.

Large spills: Dike and contain spill with inert material (sand, earth, etc.). Transfer the liquid and solid separately to containers for recovery or disposal.

Waste Disposal Method: Refer to Section 13.

Section 7: Handling and Storage:

Handling: Use good industrial hygiene and safety practices (see Section 8). Storage: Store in a cool dry area, away from direct sunlight and heat to avoid deterioration. If frozen, separation may occur. Completely thaw and mix well prior to use.

NOTE: Since emptied containers may retain product residue, all hazard precautions given in this data sheet should be observed.

Section 8: Exposure Controls / Personal Protection:

These recommendations provide general guidance for handling this product. Because specific work environments and material handling practices vary, safety procedures should be developed by the user(s) of this product. Consult with the manufacturer or supplier of your safety equipment in order to determine the specific type of equipment appropriate for your use/application of this product. Exposure Guidelines: Exposure limits for this product: None have been established. Exposure limits for components of this product: Copper Sulfate Pentahydrate(dust or mist as copper): OSHA PEL: 1mg/m3, TWA Quaternary ammonium compound mixture: No data found. NOTE: The IDLH concentration for Copper dusts and mists (as CU) is 100 mg/m³. Eye Protection: Safety glasses, goggles, or face shield based on anticipated exposure. Skin Protection: Gloves and protective clothing/equipment as necessary to avoid contact. Both durability and resistance to permeation must be considered. Respiratory Protection: Use NIOSH/MSHA approved respiratory protection equipment based on actual or potential airborne concentrations. See previous paragraph in this section concerning exposure limits. Ventilation: Use local exhaust ventilation or other engineering controls to keep airborne levels below recommended exposure limits. Section 9: Physical and Chemical Properties:

Note: The above properties are typical values and are not to be construed as a guaranteed analysis for any specific lot or as specifications for the product.

Section 10: Stability and Reactivity:

Percent Volatile by Weight: None established.

Vapor Pressure (mm Hg.): None established.

Evaporation Rate(butyl acetate=1): None established.

Appearance: Clear, blue liquid.

Boiling Point: None established.

Viscosity at 25°C: None established. Specific Gravity at 25°C(water=1): 1.11 Density(powder products): Not applicable.

Odor: Mild.

pH: 3.0 (1% solution)

Stability: Stable. Hazardous Polymerization: Will not occur. Incompatibility: Oxidizing and reducing agents. Hazardous Decomposition Products: Oxides of sulfur.

Solubility in Water: Complete at recommended use dilutions.

Section 11: Toxicological Information:

No studies have been conducted with this material.

Section 12: Ecological Information:

No studies have been conducted with this material.

Section 13: Disposal Considerations:

Dispose of in accordance with all applicable laws and regulations. Consult with appropriate regulatory authorities to determine exact classification of waste.

Section 14: Transport Information:

Section 15: Regulatory Information:
Identical to U.S. DOT above.
International Air Transport Association(IATA) Dangerous Goods Regulations:
Identical to U.S. DOT above.
International Maritime Dangerous Goods(IMDG) Code:
Identical to U.S. DOT above.
Canadian Transportation of Dangerous Goods(TDG) Regulations:
For the component Copper Sulfate, RQ is 10 pounds.
Reportable Quantity (RQ):
(Cupric Sulfate), 9, PGIII, RQ
UN3082, Environmentally Hazardous Substance, Liquid, N.O.S.,
Proper Shipping Name:
9(miscellaneous hazardous substance).
Hazard Class:
U.S. Department of Transportation(DOT)Regulations(49CFR):

California Proposition 65: This product may contain a chemical known to the State of California to cause cancer or reproductive harm based on the component copper sulfate. There is a scientific assumption that all copper compounds contain arsenic, cadmium, chromium, and lead in concentrations ranging from a few parts per billion to several hundred parts per million. Other: Contact manufacturer if you require further regulatory information.

Section 16: Other Information:

Reason(s) for revision: SDS Format, Change(s) in Section(S) 1, 2, 4, 8 and SDS format.

Disclaimer:

The information contained herein is based on data available to us and is believed to be correct. Since this information may have been obtained in part from independent laboratories or other sources not under our direct supervision, no representation is made that the information is accurate, reliable, complete or representative and Buyer may rely thereon only at Buyer's risk. We make no guarantee that the health and safety precautions we have suggested will be adequate for all individuals and/or situations involving its handling and use. No warranty is expressed or implied regarding the accuracy of these data or the results to be obtained from the use thereof.

We make no guarantee or warranty of any kind that the use or disposal of this product is in compliance with all federal, state or local laws. It is the obligation of each user of the product mentioned herein to determine and comply with the requirements of all applicable statutes.

Vendor assumes no responsibility for injury to vendee or third person proximately caused by the material if reasonable safety procedures are not adhered to as stipulated in this data sheet.

End of SDS.
